GLEICHEN, ALBERTA, THURSDAY, APRIL 9, 1908.

\$1.50 Per Year

TO DISCUSS SUGAR BEET GROWING

Raymond Man Will Address Meeting
Saturday at 1.30 P.M.

At 1.30 Saturday afternoon a meeting will be held in Gleichen to discuss with the farmers of this district the raising of sugar beets, and it will be of great advantage to have a representative meeting.

A representative of the sugar company operating the refinery at Raymond will attend the meeting and give an interesting address on the cultivation of beet. There will also be given plenty of opportunity to ask questions and have them intelligently answered.

Every farmer in this vicinity should grasp this opportunity of learning the best methods of raising sugar beets, as it has already been demonstrated that they grow exceptionally well in the Gleichen district and at no distant date will be one of the most important products.

STRATHMORE STILL GOING AHEAD

The town has been quite lively this week as the C. P. R. surveyors were starting out on their season's work. Amongst the old timers were Jas. Duff, P.B. Harvey and G. Mitchell, who will again take command of their little armies of surveyors and contractors in the effort to give the land the necessary water supply.

Quite a building boom has struck the town of late, the Alberta Restaurant being finished this week, and the following residences are rapidly nearing completion: Alex Black's and J. Burn's houses up near the lumber yards, and Mr. A. Dawson's house near the Irrigation buildings. The Methodist church seems to have come to a stand still. Religion does not appear to be the strong point of the town.

We welcome back Scotty McGregor from Panichuk, Scotland, he says the "Mrs." is coming out in June; after he gets the house ready. Good for Scotty!

Andy Nelson is on a sojourn to Calgary, and if reports be true he will not be coming back alone. We wonder if leap year is responsible for this?

The Hollanders who arrived here last week, locating in this district, made many friends, and at some of the concerts they gave at the hotel in the evenings everyone seemed to be happy, although we did not quite understand everything that was said or sung.

We noticed a lot of Deering machinery strung along the street last week, it seems that old Mike, O. Elrick's quiet horse, took a walk from the depot with a dray load of the above, but minus a driver.

Chas. Ourey says he intends to start seeding this week, he has in 750 acres of fall wheat, and intends to put in about 250 acres of oats and flax before the middle of May.

Our real estate agent, Fergie, reports some good sales here in March. Somewhere about twenty sales taking place in the month. Not too bad for the hard times we are supposed to be having.

Farmers, Remember

1. That you are a citizen of Alberta and Canada.
2. That as citizens you should assume the responsibilities and privileges of citizens.
3. That the farmers are ninety per cent of the population of Alberta and

seventy-five per cent of Canada; that their representation in parliament is less than four per cent.

4. That you are responsible for the laws of the country.

5. That the farmers produce about eighty-five per cent of the wealth of the country.

6. That about ninety per cent of the wealth that the farmers produce is owned by the stockholders, speculators and gamblers in farm products, money lenders and bankers.

7. That it is because of your cold-blooded indifference in public affairs, and possibly because of your ignorance of the evil effects of vicious legislation upon your calling, that this state of affairs exists.

8. That unless you trample under your feet party politics and put your country before your party and use your influence and your votes in the interest of the farmers, you will always be the under dog.

9. That it is the hide-bound party politicians that have robbed you and are robbing you today.—Ex.

Kind words from the Cranbrook, B.C., Herald: "The Gleichen Call was started by W. Park Evans on March 21st of last year and W. Park Evans has 'made good' with the Gleichen Call. W. Park Evans used to edit the Wilmer Outcrop and stuck to his guns until lack of patronage drove him over the Rocky Mountains to Gleichen. Wilmer's loss was Gleichen's gain, and it is evident that the people of Gleichen know a good thing when they see it, because Mr. Evans is getting a great deal of advertising and is already talking about increasing the size of his print shop. The Herald trusts that the Call will have many more years of prosperity." The Herald is slightly mistaken. The Wilmer people patronized the Outcrop well, and we left simply because the Kootenay Central Ry. was not being built and after boasting for it nearly seven years grew weary.

W. Hyde was in from his ranch last Thursday and made a trip to Calgary. He states that a short time ago he took out to his ranch "High Eagle," one of the best Indian hunters on the Blackfoot reservation, to shoot the wolves in that neighborhood and a week ago High Eagle shot two wolves and captured seven young wolf pups. Mr. Hyde was naturally very pleased with this and says there are only two or three more wolves left in that vicinity. High Eagle also was highly pleased as it said he was to get \$50 for each wolf he killed. The wolves have been killing young calves and colts belonging to the ranchers and they are anxious to get rid of them at almost any cost.

The new firm known as the Star Bakery and Lunch Counter have just installed a No. 5 Hubbard Portable oven with a capacity of 150 loaves, which under the supervision of Mr. Gibson is turning out some of the best bread and pastry that has ever decorated a show window in Alberta. Messrs. Kilcup & Nutter, the proprietors, are pushing the business and hope to make it a grand success.

Those who intend planting fruit trees this spring should order at once. The Call man from many years acquaintance can recommend M. J. Henry's nursery at Vancouver, whose ad. appears elsewhere in this paper. Mr. Henry will give every satisfaction.

You may as well expect "pears from an elm," as to expect to find enterprise and up-to-dateness of any kind in a store that does not show enterprise in its advertising.

Howard, the English cat expert, is coming west to show us how to grow English cats. An exchange remarks there have been Englishmen in the west before who have shown us how to sow the wild variety.

LIBERALS TO HAVE POLITICAL MEETING

Liberal Candidate Here
Next Tuesday

Secretary T. H. Beach, of the Gleichen Liberal Association, gives the information that there will be a big Liberal meeting held in the Foresters' hall next Tuesday evening, April 14th. The invitations sent out a couple of weeks ago by the association having been accepted and accordingly the following gentlemen will be here to address the meeting:

W. C. Simmons, M.P.P. and Liberal candidate for the Dominion House for this riding.

E. H. Riley, M.P.P. for the Gleichen riding.

Duncan Marshall, editor of the Edmonton Bulletin.

An invitation has also been extended to the Hon. W. H. Canning, Minister of Public Works, and it is fully expected he will also be present at the meeting.

It is to be a public meeting and every person is cordially invited to attend.

A big attendance is expected in view of the fact that at this meeting the first guns will be fired in this district in the general election campaign, which are to be held—no one can say when.

Aside from this the speakers are so well known that they will draw a full house on their own account.

TOWN AND DISTRICT

Sunny Alberta's best weather.

On Monday the farmers of this district commenced seeding and now it is quite general.

E. and A. Vicher arrived from Prov. Utah, Friday and bought some irrigate land near here.

Frank Reid bought a carload of horses from Jno. Clark and shipped them north to Yagerville on Monday.

It is reported by recent new comers that there are still a number of cars to come to this point from Ontario and Dakota.

The C. P. R. earnings at the local station for the month of March this year were \$6,800, an increase of 35 per cent over the same month last year.

Gleichen has been asked to form a local association to co-operate with the Alberta Fish and Game Protective Association and a move should be made to that end.

Wm. Smith and C. J. and A. Long arrived from Owen Sound, Ontario, last week with three carloads of effects, which they have taken to their homesteads in the Queenstown district.

Three cars of settlers from North Dakota and one from Lethbridge arrived last Saturday. Three of these families are settling south of the river. The other belongs to one of our old residents Mr. Hayes.

Wakefield & Milliken, the building contractors state they have a lot of work now contracted for in this town and district and express the opinion that the outlook for the building trade is very good the coming season.

J. B. Leggat, the implement man, says that in his line business is exceptionally good for this time of year here. He also states that the implement companies inform him that the demands made upon them from the west make it quite evident that they will not be able to fill all of their orders promptly and advise that all orders should be sent in as far in advance of requirements as possible. This may be taken as the very best evidence of the wave of prosperity now coursing westward.

R. O. Couch and W. D. Kelly arrived Friday from Washington in search of land.

F. H. Blackburn has commenced the erection of a dwelling for himself east of his present home.

That's right, send in your annual assessment to the Call. It is needed to pay for our new palace.

East of Queenstown the land is said to be settling up rapidly with enterprising and industrious farmers.

J. L. Laycock has had a neat veranda built around two sides of his dwelling and other improvements made.

R. M. Longmire and his brother came down from Langdon last week to look over this district and it is stated have invested in land near here.

Rev. Mr. Synd will take charge of the Presbyterian church work here vice Mr. Fraser, and will arrive to conduct his first service next Sunday evening in the Foresters' hall.

Mr. Smith, who has been C. P. R. night operator for the past year, returned from Saskatchewan Friday, and with Mrs. Smith has gone to Lethbridge, where he will be permanently located. Mr. and Mrs. Smith leave many good friends in Gleichen to regret their departure.

Immigration from United States to Canada during the first two months of the present year was almost double what it was last year.

That is an indication of the kind of a year that Western Canada is going to have. After a few years of interest in Western Canada, some Americans last year were tempted to look to Texas and some of the Southern States. One year ago the interest of the Western American farmer will be Canada.

"Because a man is rich is no sign he has been dishonest, any more than the reason a man is in the poor house is because he has been honest," says the New West Coast Trade. "Men become wealthy because they have opportunities and take them; men are not rich and successful because they do not take opportunities or have not the ability to manage them when they do take them. There have been rich men who were strictly honest, and there have been poor men who have been dishonest. Success and failure are regulated by other things than honesty and dishonesty."

MISCELLANEOUS

Small Ads under this heading cost 50 cents for first insertion and \$1 per month, when more than one item is included an additional charge is made. Unless the number of issues are given with each order ads are left in until ordered out and charged for in full.

FOR SALE—Pure bred Barred Rock eggs. One setting \$2, two settings \$4. Apply M. S. Gibson, Blue Spring Ranch.

WANTED—To buy a Newfoundland pup. Apply to Clarence Evans.

UNFURNISHED rooms and offices to rent over Congrove's Block.

CHURCH SERVICES

Father Lapine will conduct Roman
Catholic services as follows. The 1st
Sunday in each month at Mr. Desjar-
dine's, on Crowfoot creek; 2nd Sunday
at Mr. Beaupre's, in Gleichen; 3rd Sun-
day at Mr. T. Stewart's, at west Arro-
wood creek. Services are held every
Sunday at the South Camp Mission, near
Cluny.

Saint Andrew's Church of England.—
Services every Sunday evening at 7:30
p.m. Second Sunday in the month,
service of Holy communion at 11 a.m.
Fourth Sunday in the month, Litany
and sermon at 11 a.m. Sunday school
meets every Sunday afternoon at 2
o'clock. Service at Rosebud Creek the
third Sunday in the month at 3 p.m.

Methodist Church Service will be con-
ducted by Rev. Cecil Eason, pastor,
in the Foresters' Hall at 11 a.m. Sunday
April 12.

The regular meetings of the Gleichen
and District Board of Trade are held the
second Tuesday of each month at 8 p.m.
The next meeting takes place on April
14th.

tion—12 lines to the inch. Locals 10 cents a line. Lost, Found, Astray and Wantadver-
tisements 50 cents one insertion or three insertions for \$1. Display ads, \$1 per column inch
per month. Changes should reach this office not later than noon each Monday.

W. PARK EVANS,

Publisher and Proprietor.

Gleichen, Alberta, April 9, 1908.

Dominion Exhibition

Here is some information concerning
the Dominion Exhibition to be held at
Calgary next July, which is supplied by
Manager E. L. Richardson:

No less than forty district and govern-
ment exhibits have been booked for the
Dominion Exhibition from points in
Saskatchewan, British Columbia and
Alberta. It is not necessary to state
that it has been a considerable problem
to the management to find sufficient
room for such a large number of ex-
hibits. These displays will fill a build-
ing 160x80 feet, and it is doubtful if
there ever has been such a display on
the continent, as will be seen on this
occasion. These districts will each
spend from five hundred to four or five
thousand dollars on their exhibits.

The space is being granted free, and
the following prizes are being offered:
1st prize \$200, 2nd \$150, 3rd \$125, 4th
\$100, 5th \$75, 6th \$50 and \$20 to each of
the balance of the exhibits. Freight
and all expenses are to be paid by the
exhibitors, but it will be noticed that the
prizes are arranged so that each district
will not get less than \$20.

A list of exhibits with the number of
space allotted to each is given and Gleichen
gets No. 26. The floor is of saw-
dust, except space No. 1 and 36 which
are boarded. The outside walls are be-
tween 9 and 10 feet high. Partitions are
to be supplied by exhibitors if they wish
them. To get the most good out of the
displays, one, and if possible two thor-
oughly reliable men should be present
to look after the exhibit and to give in-
formation during the time of the exhibi-
tion. It will take from three days to a
week for two men to arrange a creditable
exhibit after arrival at Calgary. The
exhibits must all be complete by the last
day of June at 10 p.m.

Keep the Agricultural College in view.
Gleichen has the natural location and
here it must be.

Ozone boosting is all right, but it is
sometimes badly beaten by muscular
boosting. Try both brands.

What was it you said you would have
for the Dominion exhibition? Don't
forget about it. We must have the very
best for Gleichen.

The time of the year is here once
more when the front and back yards
needs attention and in Gleichen they
are getting the necessary attention.

Did you ever notice that every ten
miles you travel in the west the dead-
zens tell you the land and climate is just
a little better? That is as it should be
and is why the West grows.

Gleichen's Plum Tree Belt has win-
tered alright. Duncan Clark states that
he examined his brother John's orchard
last week and found the plum and apple
trees in excellent condition.

The influx of new settlers into the
Gleichen district has commenced on a
very fair scale for this time of the year,
and from the reports of those who are
in a position to know it may be expected
that the numbers will greatly increase
from now on. So mote it be.

The bounty given by the Alberta
Government for wolves has been thor-
oughly appreciated by the farmers and
ranchers throughout the province as is
evidenced by the amount paid out stated
in our last issue, amounting to \$250 per
day. Wolves have done a great amount
of damage in the past to young stock
and many hope before long the govern-
ment will decide to renew the bounty
which ceases on the 15th of the present
month.

Arrangements have been made to
store exhibits for the Dominion Exhibi-
tion with A. J. Campbell at the Massey
Harris warehouse, and the Board of
Trade requests all who have grain or
other exhibits to leave them there at
the earliest possible date or information
regarding the quantity or size of each
exhibit. This is quite necessary in order

to make an estimate of how much can
be obtained and how it may be placed in
the space allowed to the Gleichen dis-
trict. Already some exhibits have been
received by Mr. Campbell and many
other promised. Now bring along your
prize-winners.

In New York the soul kiss is delaying
steamers, trains, streetcars, autos, blocks
streets and is holding up business in
many ways. These prolonged kiss
demonstrations last from one to five
minutes and are indulged in in all places,
private and public. It must be dreadful
to live in New York at present, and it is
something to be thankful for that the
fad has not reached this far west. But
whatever would happen if a bunch of
New York girls stepped off at Gleichen
one of these days, and this leap year?
It would be just too awfully awful for
our boys to think of. However, don't
leave town, boys. We will keep a sharp
look out and do our best to warn you if
such a thing should happen—but if the
Call should be three minutes late?—
(The entire staff has faltered at the mere
thought.)

C. W. Peterson, of the Irrigation
company, speaking of the immigration
into Alberta this year is reported to
have stated that there is little doubt but
it will break all previous records. Mr.
Peterson is in position to know the pulse
of the great majority of the people in
most of the states as the company with
which he is connected has agents scatter-
ed throughout the United States and
these men always keep the head office
in touch with conditions. "Owing to
the recent financial stringency, and
almost panic in the States," said Mr.
Peterson, "a great number of people are
preparing to leave the States, and they
are all heading for Canada. As fast as
they can get their money or realize on
property held there they are preparing
to come, and this year will see the great-
est influx of settlers in the history of the
country. I feel sure."

General Contractors, Gleichen.

Stand by the Reporter.

The late George W. Childs, the proprietor of the Philadelphia Ledger, was a man who supported his subordinates when they were in the right. During a bitter congressional campaign one of the candidates called upon Mr. Childs and said:

"Mr. Childs, I have always considered you my friend. Am I right in that assumption?"

"Yes," said Mr. Childs in his quiet way, wondering what was coming.

"Well, I come to complain about your political reporter. His reports of my campaign have done me much damage."

"I understand," said Mr. Childs, "that our reporter has been printing your own speeches. Is that true?"

"Yes," was the hesitating reply.

"Then," said the publisher, "you are the guilty man. You are killing your own candidacy, and the Ledger is simply giving a faithful picture of the performance. Blame yourself and not the Ledger reporter."

And that was all the satisfaction this influential politician could get from the publisher.

Why Cut Apples Turn Color.

The rapid change of color in cut apples is due to chemical action on the exposed surface of the apple after the free admission of oxygen and not, as was once supposed, to the presence of micro-organisms, for if apple pulp is sterilized and altered the same thing happens. The juice of an apple not only contains water, sugar and various acids, but a starch which ferments when exposed to the air.

Lindet holds that the fermenting matter and the acids also are in different cells in the uncut apple, but are brought into contact as soon as it is cut. This is, however, not to the point, as the fermenting matter can only attack the aromatic body in the presence of oxygen. So long as the skin of the apple is whole no change can take place, but immediately this is wounded the oxygen begins its work, carbon dioxide is evolved, and the reddish brown appearance sets in, especially on unripe fruit.

Why the Mexicans Call Us Gringos.

In the southwest, especially along the Mexican border, Mexicans are vulgarly called "gringos" by the American cowboys and ranchers. The Mexicans have retaliated by contemptuously referring to the Americans as "gringos," unconscious that they are using a word of American origin first applied to themselves.

During the Mexican war the army of Santa Anna was composed mostly of Indian peons who could neither shoot, drill nor fight. To distinguish these ignorant recruits from the trained regulars the Americans called them "greenies," and the Mexicans, with their Latin pronunciation, converted it into first "greenos," then "gringos." Later they applied it to those from whom they had first heard it, thinking it meant something especially bad.

Gunpowder Bags.

It is possible to weave a very attractive fabric—as regards appearances, at least—out of ordinary gunpowder. The cloth looks very much like silk and when ignited instantly disappears without leaving a trace behind.

The fabric is used for making bags to hold gunpowder, which in this shape are loaded into big guns. When the bags are of canvas, as is customary, they are not consumed by the explosion, and what remains of them after firing has to be removed from the powder chamber of the weapon. But if gunpowder bags be substituted for canvas the sack actually becomes part of the explosive charge, and no trace of it is left after the shot has sped.

Sound Enjoyment.

The spirit of modern life is to plunge into experiences vigorously and get the most from them. This was the spirit that animated the man who preferred tough beefsteak because there was more "chew to it." Similarly virtue was the attitude of Mr. Skillings, who had come to town to order a new family carriage.

"Now, I suppose you want rubber tires?" said the agent.

"No, sir," replied Mr. Skillings. "My folks ain't that kind. When we're riding we want to know it."

Beginning Young.

The feminine instinct begins young. The little girl who wore her new cloak for the first time in an east wind was not thinking of the east wind. Her mother, however, was, and she suggested that people who allowed their cloaks to blow over their heads sometimes caught cold. "Oh, no, mother," observed her daughter complacently. "You don't catch cold when it's such a pretty lining!"

Snap Went the Trap.

"My father has always told me," began Edgar, "that pretty girls make poor wives. Now, when I marry it must be a girl who is not pretty at all, but one who is possessed of the home loving instincts, one who is unselfish and—"

"Oh, Mr. Montgomery—Edgar—this is so sudden, but you may ask papa!"

Ready to Growl.

Manager—We must put a great deal of realism into this forest scene. Can you get some one to growl so as to resemble a bear? Assistant—I think so. There are six or seven stage hands who have not received their wages for three weeks. I'll call them.

An Unforgettable Fellow.

"I didn't close my eyes once last night."

"That so? Insomnia is a miserable thing, I must say."

"Oh, I slept all right enough. They closed themselves."—Cincinnati Times.

— We Guarantee Water. —

It will pay you to correspond with us for Prices and Particulars.

Address: **BARNES & OTTO, GLEICHEN.**

TENDERS FOR FIREGUARDS

SEALED TENDERS, endorsed, "Tender for Fireguard," and addressed to the Minister of Public Works, Edmonton, Alberta, will be received up to noon on Wednesday, April 24th, for reploughing the following fireguards, which, in case of reploughing or backsetting should be ploughed to the full width of original guard, which should be 16 feet in width, and of sufficient depth to cut and cover weeds, grass, etc. When breaking new guard, ploughing must be done to the full width of 16 feet and not less than 4 inches in depth.

259. Reploughing fireguard from the west boundary of range 28 on the township line between townships 26 and 27 to connect with the secondary branch of the Irrigation Canal at the East boundary of range 28. Approximate distance 6 miles.

260. Reploughing fireguard commencing at the north boundary of township 26 on range line between ranges 25 and 26 north to Kneehill creek in township 26. Approximate distance 22 miles.

261. Reploughing fireguard from the C. P. R. east of Crowfoot on the range line between ranges 19 and 20, township 21, north to Dead Horse Lake thence from Dead Horse Lake to township line between townships 24 and 25, thence west on township line to centre of section 33-24-27-4. Approximate distance 68 miles.

262. Reploughing fireguard from C. P. R. on range line between ranges 27 and 28, township 23, west of the 4th meridian, south for 2 1/4 miles.

263. Disling fireguard on the range line between ranges 22 and 23, commencing at the north-east corner of section 7-22-24 and running north to township line north of township 24 and 25-4. Approximate distance 10 miles.

264. Reploughing fireguard from Tilley on the Canadian Pacific Railway, south to the Bow River, following the range line between ranges 12 and 13, west of the 4th meridian. Approximate distance 24 miles.

The successful tenderer will be required to complete the work not later than the 31st of July, 1908. All tenders must be accompanied by an accepted Cheque, Express or Money Order in favor of the Minister of Public Works for 5 per cent of the tendered price, and in case of a small guard for not less than \$10.00, as a guarantee of good faith on the part of the tenderer to enter into contract and complete the work, which sum will be forfeited if the successful tenderer refuses to enter into a proper contract for the work or fails to complete the work.

SEPARATE tenders must be made for each piece of work, and number of fireguard as given above must be marked on outside of envelope.

Work must be commenced immediately after frost goes out of the ground, and completed by date above mentioned.

Payment will be subject to the work being accepted after an examination has been made by an inspector appointed by this Department. The lowest or any tender not necessarily accepted.

JOHN STOKES,
Deputy Minister of Public Works,
Date at Edmonton, Alta.
17th day of March, 1908.

COMING AND GOING

F. Mason was down from Brooks
 Monday.

Don't forget the sugar beet meeting
 Saturday afternoon.

J. C. H. Steptey was down from Calgary
 a few days last week.

A. Afford and wife have moved into
 town from Rosebud creek.

Mr. and Mrs. Duncan Clark spent a
 couple of days in town last week.

The political pot will boil merrily on
 Tuesday. Be careful to avoid scalding.

Mrs. E. Griesbach returned Saturday
 from a visit of a couple of months to the
 coast.

Geo. Ledoux and son were in from the
 Rosebud a couple of days during the
 past week.

"Did you see my cayuse?" is now the
 familiar greeting and it has a real spring
 ring to it.

W. H. Storey came in from Hammer
 Hills last week, and has taken up a
 farm near Namaka.

Mrs. Marshall came down from Cal-
 gary last week to visit her daughter,
 Mrs. J. A. E. Beaupre.

Mrs. J. A. Gooderham and her son
 Rod spent several days in Calgary, re-
 turning home Monday.

Jno. Jaques, the popular proprietor of
 The Gleichen Hotel, spent a couple of
 days in Calgary this week.

E. C. Henrich left on another trip to
 his home in Chicago last week. This is
 his third trip east since fall.

Rev. Mr. H. Fraser has gone to take
 charge of his new field at Cypress Hills.
 He is expected back shortly.

Dr. Shipley was down from Calgary
 Tuesday attending to Dr. Lafferty's
 duties on the reserve, who is at Ottawa.

T. H. Beach is now all ready for the
 spring trade with a large stock of tents,
 trunks, valises, harness, saddles and
 everything for the horse.

BORN—Daw, in Campbellford, On-
 tario, on March 29th, to Mr. and Mrs.
 Arthur Daw, of Gleichen, a daughter.

A. McLean, formerly accountant of
 the Bank of Commerce here, is down
 from Calgary spending a few holidays.

The Stuart Lumber Co. have reduced
 the price of lumber in Gleichen from \$3
 to \$5. Now get busy with your
 building.

A. H. Williams was over from High-
 land Friday renewing acquaintances.
 He looks as happy as ever and was
 very pleased to have another opportunity
 of watching Gleichen grow.

A policeman in Hamilton, Ont., died
 recently leaving an estate of \$75,000.
 This should encourage men to join the
 police, although most of the M. P.'s. may
 prefer to have that amount while alive.

Let me tell you how to make money
 by buying a Grand Jewel stove worth
 \$60, selling for \$30; an iron bedstead
 worth \$12, selling for \$5; an incubator
 holding 200 eggs, worth \$40, selling for
 \$20. F. K. McKay.

This paper will take coal, potatoes,
 turnips, cabbage, trout, deer meat,
 young hares, old railway ties and even
 money on subscription. Now is the time
 to subscribe for the leading excitement
 and only paper in Gleichen district.

Many of the ranchers and farmers
 are having their letter heads and en-
 velopes printed at The Call office. In
 fact it is now quite the style in this dis-
 trict to have each farm or ranch named
 and business transacted in the most
 modern way.

If perchance, a copy of this paper
 should fall into the hands of any who
 are in search of a new location—a place
 where church, school, and social ad-
 vantages are given emphasis, and where
 you can live out your allotted number of
 years without fear of pestilence or
 famine, we say, like one of old, "Come
 then with us and we will do thee good,"
 without emphasis on the "do".

Over the signature "N. N." someone
 writes this paper don't quite suit him
 and while acknowledging he borrows it
 frequently offers to subscribe if certain
 changes are made. If the cayote has
 the necessary cash to pay liable suits he
 can have the job for a week, while we
 take a holiday. We gave up trying to
 please everybody years ago and will en-
 deavor to make this paper just as good
 as the means will permit, always keep-
 ing one eye on the sheriff.
